

Alexander Maoloni

Designer & Developer — Founder, Hexsole studio

alexmaoloni64@gmail.com · Remote, worldwide · maoloni.studio

PROFILE

Independent web/media designer and front-end developer. I run **Hexsole**, a one-person studio where the same head that draws the layout also writes the code that ships it — from marketing sites and web apps to full brand identities. Fast, considered work with zero templates.

EXPERIENCE

Founder & Lead Designer/Developer — Hexsole studio 2019 — present

- End-to-end design and hand-coded build of websites, products and brands for startups and studios.
- Design systems, front-end engineering (HTML/CSS/JS), art direction and motion.
- Typical turnaround under 24 hours for focused scopes; 100% custom output.

Freelance Web & Product Designer 2021 — present

- Marketing sites and product UIs from clickable prototype to production.
- Clients across dev-tools SaaS, mobile apps and culture/events.

SELECTED PROJECTS

OrbitWeb — Brand & marketing site — a generative engine for building the web.

FieldNote AI — Product & front-end — voice-and-photo field reporting for structural engineers.

Sole DXB — Site & brand work — the Middle East's leading street-culture festival.

SKILLS

UI/UX design · Web design · Front-end (HTML, CSS, JavaScript) · Responsive & mobile-first · Design systems · Branding & visual identity · Art direction · Motion · SEO on-page · Figma
